

**Notice: August 4th, 2021**

**BOIL WATER ADVISORY LIFTED & OTHER UPDATES**

---

Hey Sherkston Owners!

**Boil Water Advisory Lifted**

We are happy to announce that the boil water advisory has been lifted and as a result, Boston Pizza and the cafe are open. We thank you for your patience during this situation!

**Garbage Depots**

Our garbage truck is experiencing mechanical issues which we are working through. In the meantime, we ask that you please do not dispose of garbage in the resort depots if they are full. Please do not put garbage on the ground inside the depots as this attracts critters and of course, won't look or smell too good!

There are green dumpster bins near the soccer field with additional bins on the way. We ask that you use those as necessary while we work to get the garbage truck up and running.

If you have any questions, please do not hesitate to reach out to us!
