

FLEX TRAVEL

SOLUTIONS™

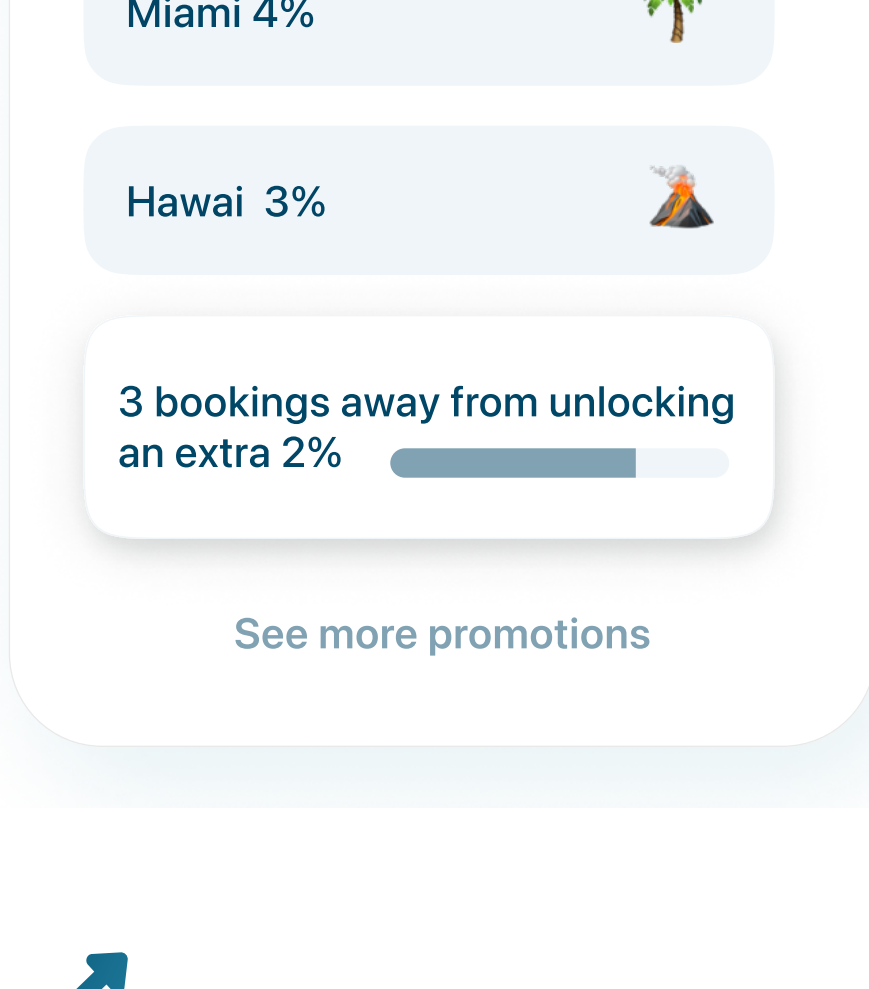

Ignite your sales efforts with a Platform revolutionizing B2B in the Travel Industry.

Personalized promotions

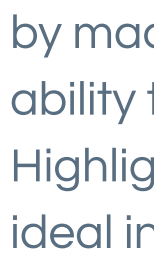

Utilize the power of relevant incentives with our Promotions Widget.

Make it easier for agencies to find and make bookings targeted to their needs.

Powerful revenue management

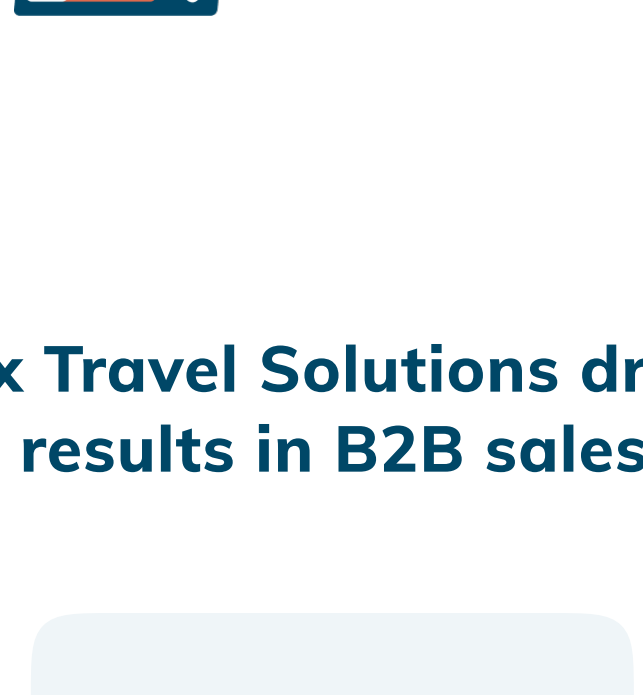

Our Business Rule Engine tool will empower you to efficiently manage budgets by removing speculations and allowing only lucrative promotions to go live all while automating payouts to remove any backlogs on accounting!

Predictive Analysis

Rather than basing decisions on historical data, our Predictive Analysis tool powered by machine learning provides you with the ability to forecast sales and performance. Highlighting industry trends and suggesting ideal incentives.

Access to intelligent KPIs and analytics that will support your growth strategy.

Flex Travel Solutions drives results in B2B sales

Integrate with ease

All solutions are configurable to your business needs and can be used as stand-alone products or easily integrated into your own CRM system.
